*Refer to page 2 of this report for a complete list of agencies whose data is not reflected in this report.

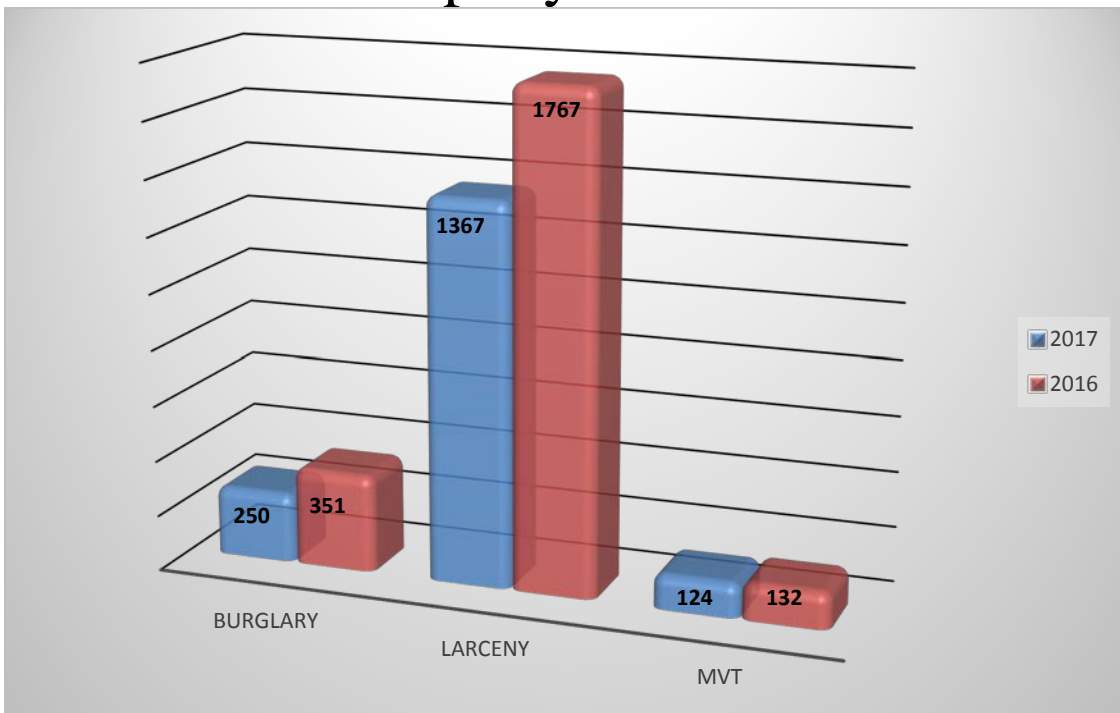

¹The Percent Change figures presented in this report were calculated by comparing the number of offenses reported by each contributing agency while controlling for missing reports. If an agency failed to report crime data for one or more months during this quarter, their data was excluded from this report and the comparison with last year's reports. Given the comparatively low volume of several of the Index offenses, caution must be used when interpreting Percent Change figures since a slight shift in the volume of offenses may result in a large percent change.

DOMESTIC VIOLENCE REPORT

The following domestic violence information was provided by Wyoming law enforcement agencies and compiled by the Criminal Records Section, Division of Criminal Investigation, Office of the Attorney General, in compliance with W.S.S. 7-20-107(a)(b) and W.S.S. 6-4-404.

The Domestic Violence Reporting Program, which began January 1, 1988, reflects domestic violence information as submitted by Wyoming law enforcement agencies on a monthly basis. The following tables provide summary information concerning the number of incidents by county, day of week, time of day, type of violence and disposition.

Factors involved, which contribute to the amount of domestic violence incidents reported for any one month include: repeated incidents throughout the month involving the same individuals; one offender/multiple victims; and, mutual confrontation where the involved subjects are both victim and offender.

When more than one type of violence occurs, or multiple dispositions are reported for a single incident, only the most serious and/or consequential action is counted for reporting purposes of this program.
